Context Coordination Initial Experiment with 540 participants.
All conditions have the order of the features on the base and the order of the stimuli randomly assigned.

All Stimuli: Houses, Lunchboxes, and Plates

Example Prompts:

Determinerless: Bob can only say one word to communicate which lunchbox he is looking at and he says:
**Cookie**

Definite Determiner: "I am looking at the plate with **the spoon.**"

Prior: Which lunchbox do you think Bob is looking at?

House Stimuli (Houses, bicycles, and cars)

Lunchbox Stimuli (Lunchboxes, Apples, and Cookies)

Plate Stimuli (Plates, forks, and spoons)
